SCAFFOLD TOWER

Scaffold Tower

(Boss scaffold tower) – An access tower allows you to work safely and comfortably at height, giving you flexibility in and around any building or site. All towers include assembly guide and components which comply with HD1004 specification. They can be used in conjunction with superboard and claw attachments to provide a fast, effective spanning system. It is recommended to always tie in for safe and effective operation. Please specify base size required when ordering.

Handrail Height	Platform Height
2.2m	1.2m
2.7m	1.7m
3.2m	2.2m
3.7m	2.7m
4.2m	3.2m
4.7m	3.7m
5.2m	4.2m
5.7m	4.7m
6.2m	5.2m
6.7m	5.7m
7.2m	6.2m
7.7m	6.7m
8.2m	7.2m
8.7m	7.7m
9.2m	8.2m
9.7m	8.7m
10.2m	9.2m
10.7m	9.7m
11.2m	10.2m
11.7m	10.7m
12.2m	11.2m
12.7m	11.7m
13.2m	12.2m

SCAFFOLD TOWER

Bridging System

Boss mobile access towers provide a continuous large working area via a fixed bridging unit and 'step-through' frames. A 3.2m long fixed bridging deck links two standard towers to create an uninterrupted working platform. Ideal for spanning machinery, vehicles or obstacles and provides a larger working platform utilising standard boss tower components.

Bridging Beam Complete Section

SPECIALIST TOWERS

Stairway Tower

Ideal for painting and decorating stairways.

Offers safe access to those high and hard to reach places. Platform height is 2 metres from lowest stair. Compact for domestic stairwells and has a safe adjustable twin guardrail.

Frame

Tower

Advanced Guardrail Tower

Boss AGR tower provides an alternative method for building tower this removes the need for individual braces, making the tower quicker and simpler to build with less components.

AGR frames increase safety by ensuring that the guardrail is in place before the user ascends to the next platform.

12.2m Handrail Alloy Tower

LOW LEVEL ACCESS

Room Mate

A folding system that is easily assembled providing a fast, effective, stable work platform for interior decorating and maintenance works. 600mm wide non slip deck with a maximum platform height of 1.72 metres.

Folding Tower 1.8m Platform Height

Mini Max Folding Tower 1.6m Platform Height

Podiums

Podiums reach to 1500mm working platform providing an easily manoeuvrable, safer alternative to steps. Self-contained operation comes complete with handrail system.

1.0m Anti Surf Podium

1.2m Anti Surf Podium

1.5m Anti Surf Podium

Pak flat podium 750mm /900mm

LADDERS

Roof Ladders

Heavy duty roof ladders available in single or double section.

16' 5.5m Roof Ladder 10.5kg

19' 6.0m Roof Ladder 14kg

23' 7.0m Roof Ladder 17kg

Ladders

Heavy duty lightweight aluminium ladders. Available in double or triple section.

D12/D	6.6m
D16/D	8.8m
D20/D	9.9m
T10/T	7.9m
T12/T	9.3m
T16/T	10.7m

COMBI LADDERS

Combi Ladders

The ultimate combination of strength and versatility. Provides three working configurations, double sided step ladder, extension ladder and extended step ladder.

2m	3m	3.5m
4.22m	7.3m	8.6m
11kg	18.5kg	30kg
110kg	110kg	110kg

STEPS

Builders Steps

Heavy duty steps - Do not stand on the top step.

6 Tread Builders Steps

8 Tread Builders Steps

10 Tread Builders Steps

12 Tread Builders Steps

Platform Steps

Steps with a larger platform for safer working.

6 Tread Steps	1.27m	150kg
8 Tread Steps	1.69m	150kg
10 Tread Steps	2.1m	150kg
12 Tread Steps	2.52m	150kg

STEPS

GRP Steps

Glass reinforced plastic steps.
For none conductive electrical work.

6T GRP Steps

8T GRP Steps

10T GRP Steps

LOW LEVEL POWERED ACCESS

Low Level Powered Access

Self-propelled powered access platform eliminates the need for climbing large platform steps, podiums or erecting scaffold towers. Step into the platform, drive when elevated. Simple, safe and efficient.

Pop up Pro - 2m Platform Height

Pop up Plus - 2.5m Platform Height

Power Tower - 3.1m Platform Height

BOARDS

Staging Boards

Provide a safe, uninterrupted working platform for the use of the customer. Staging's are 450mm wide while superboards are 600mm wide.

Staging Boards 2.4m

Staging Boards 3.0m

Staging Boards 3.6m

Staging Boards 4.2m

Staging Boards 4.8m

Staging Boards 5.4m

Staging Boards 6.0m

Staging Boards 7.2m

Superboards 3.6m - 600mm wide

Superboards 4.8m - 600mm wide

Superboards 6.0m - 600mm wide

BOARDS

Scaffold Boards

Strong timber scaffold boards fitted with end hoop irons for protection.

Scaffold Boards 10'

Scaffold Boards 13'

Staging Handrail Systems

Handrail system designed specifically to fit stagings or superboards. Provides double guard rail and can be built to one or both sides of staging.

Single Side

Double Side

Super Single

Super Double

TRESTLES

Steel Trestles

Adjustable steel builders' trestles support 4 scaffold boards wide or two stagings. Can be provided with handrail system.

Size 1 Trestles

Size 2 Trestles

Size 3 Trestles

Trestle Handrail System

Handrail system designed for use with all sizes of builders' trestle.

Trestle Handrail system

BREAKERS

Light Duty Breakers

Light duty scaling and chipping. Products are suitable for working above shoulder height and can be easily converted to an electric needle gun for occasional use. Weighs around 3KG

TE30 Light Duty Breaker - 110V

Medium Duty Breakers / Hammer Drills

Used for taking down small walls, demolishing masonry and removing wall and floor tiles. Weighs around 6-10KG

TE700 Medium Duty Breaker - 110V

Heavy Duty Breakers

Demolition hammer for concrete floor breaking and occasional wall chiselling. Weighs around 13KG.

TE1000 Heavy Duty Breaker - 110V

Heavy Duty Electric Road Breaker

Ideally suited for breaking heavy foundations, floor slabs, paths and road refurbishment. Weighs around 30KG

TE3000 Medium Heavt Duty Breaker - Electric Hilti 110V

BREAKERS

Hydraulic Breakers

The easily transportable hydraulic breaker is designed to deal with many tasks whether it be demolition work, roadwork or breaking concrete up to 300mm thick.

Hydraulic Breaker Unit 20l c/w Gun)

Road Compressors

Compressors for powering pneumatic tools and equipment, not only are they powerful they are easily manoeuvrable on site. Spillage free and environmentally friendly.

Towable Compressor

Tile Lifting Accessory

This breaker attachment is for lifting tiles stuck to floors, this attachment can be provided for a wide range of our breakers.

Tile Lifter

DRILLS

Percussion Drills

This standard percussion drill is for drilling 13mm into masonry.

1/2" Percussion Drill

Right Angle Drill

Light / Medium Duty SDS Hammer Drills

The light/medium duty hammer drills for drilling into both masonry and concrete. These drills drill 28mm. All machines are supplied with anti-vibration allowing longer sustained use. Because these drills are so light they are easy to use for long periods of time.

Light Duty SDS Hammer Drill - 2kg

Medium Duty SDS Hammer Drill - 3.5kg

Magnetic Drills

This machine has a magnetic clamp, this consolidates fast, accurate, burr-free holes. These can drill up to 100mm through steelwork at any alignment.

Magnetic Drill - Minibor

Magnetic Drill - Unibor

CORDLESS DRILLS

Cordless Drills

Very useful for when corded drills are not an option.

18v Cordless Drill

36v Cordless Drill SDS

CORDLESS DRILLS

Cordless Dust Extraction

Battery powered extraction unit to extract dust from source.

Cordless Drill and Dust Extraction

PADDLE DRILLS

Paddle Drill

Primarily used for mixing epoxy resins, plaster, mortar and paints.

Paddle Mixing Drill

COMBI HAMMERS

Light Duty Combi Drill

Primarily, light duty electric combi drills are used for light chiselling/lightweight demolition and drilling on block and brick.

Light duty Combi Drill (TE16C/ TE30C)

Medium Duty Combi Drill

Breaks around 50-100mm in concrete, and can be used to drill up to 150mm in depth.

Medium Duty Combi Drill (TE50)

COMBI HAMMERS

Heavy Duty Combi Drill

Heavy duty combi drill can break masonry and brickwork up to 150mm as well as drilling up to 150mm depth.

Heavy Duty Combi Drill (HR5211c /TE80)

DIAMOND DRILLING

Dry Diamond Drills

Applications up to 152mm through brickwork. Also ideal for drilling both small and large holes into lightweight building materials.

Dry Diamond Drill 110v Hand Held Makita 8406

Wet/Dry Diamond Drill

High motor production and robust three-speed gearing for an outstanding performance across the diameter range. Hilti BI+ quick-release connection lets you change core bits in no time. It also has a fully rotating adjustable side handle.

Diamond Drill Wet / Dry Hilti DD150

Diamond Drilling Rig

These rigs are perfect at giving a stable drilling platform that create precisely measured cuts. These are often used for heavier drills; however it is highly suited to an extensive range of applications.

Diamond Drill Rig - DD250

Diamond Drill Vac Pump 110v

MIXERS

Mixers

An assortment of different mixers designed for any job.

110v Belle 4/3 Mixer

Petrol Belle Mixer

Diesel Site Mixer 5 3/2

SURFACE PREPERATION

Floor Planers

The necessary machine when the level of concrete floor needs lessening.

Floor Planer 110v 32A

Floor Planer Petrol

Floor Grinders

For the smoothing off of concrete floor slabs when they have become pitted or encrusted with debris.

Floor Grinder Electric SPE

Tile Strippers

Excellent for removing vinyl tiles, residue build up or carpet. You can adjust the blade angle and adhesion to suit your requirement depending on what type of floor you are stripping..

Tile Stripper Electric

Self Propelled Tile Stripper

CONCRETING

Petrol Poker Units

Providing effective air removal from concrete with an engine driven independent power source.

Poker Drive Unit Petrol

25mm Flex

50mm Flex

75mm Flex

Electric Poker Units

Electrically supplied poker unit for vibrating wet concrete.

110v Poker c/w flex

High Frequency Poker 38mm

High Frequency Poker 57mm

Power Floats

A powerful trowel for producing a high quality finish on concrete.

Belle Power float - 600mm

Belle Power float - 900mm

Belle Power float - 1200mm

EASY SCREED

The Easy Drive Unit

The easy screed has a unique beam section which allows free screeding off from formwork.

Easy Screed Drive Unit

2m

3m

4m

5m

6m

Beam Screeds

A double beam tamp which features motorised vibration providing a more consistent finish in comparison to a hand tamp.

Vibrating Beam Screed - Drive Unit

Vibrating Beam Screed - Beam 3.2m - 7.2m

Concrete Accessories

Extra accessories for use in concreting appliances

Fresno Broom

Easy Float

Test Cube Moulds

Manual Hand Tamper 4m - 7m

GRINDING

Grinders

Ideal for cutting and grinding metals, it also features a dead man's switch for extra safety.

5" Angle Grinder

9" Angle Grinder

Cordless 5" Angle Grinder

Dust extraction guards 5" /9"

Concrete Planer

If a reduction in level is required on areas of masonry or concrete, this tool will be used.

Hand held Concrete Planer - 110v

CUTTING

Wall Saw

It has a unique patented orbital cutting motion meaning you can cut cleanly and safely, with minimal dust. Whether cutting through masonry or timberwork, electrical or plumbing installations.

Arbortech Wall Saw

Wall Chaser

For cutting grooves into existing concrete or masonry surfaces often for the installation of conduit pipes.

Wallchaser - 110v Hilti DC20

Petrol Disc Cutter

Two stroke machine which produces low emissions. This is perfect for on-site cuts of tiles, metal, bricks and concrete.

Petrol Cut off Saw 12"

Water Bottle Attachment

CUTTING

Floor Saws

Petrol or diesel powered floor saw designed for long cuts in asphalt and concrete.

14" Floor Saw Petrol

14" Floor Saw Diesel

18" Floor Saw Petrol

Masonry Saw Benches

These bench saws cut slabs, bricks, natural stones and blocks. They come fitted with a water feed to decrease the amount of dust produced. The wheeled table on our saw benches allow you to move the product through the saw blade for precise cutting.

Masonry Sawbench 350mm - Petrol

Masonry Sawbench 450mm - Petrol

Masonry Sawbench 300mm -110v

Metal Cutters

For cutting steel angle's and plate's with very little sparks. Other applications can cut adjustable angles in aluminium as well as that this appliance is very useful when cutting pipes.

Metal Cutting Chop Saw 350mm 110v

Rebar Cutter Cordless

Metal Nibbler <1.6mm

Metal Nibbler <3.2mm

Metal Shears

Stone Cutters

A variety of stone cutters that ensure consistent and accurate cutting of the longest and hardest tiles. They also cut bricks, blocks and black pavements also.

Manual Block Splitter

Hydraulic Block Splitter

Manual Tile Cutter

110v Tile Saw

COMPACTORS

Plate Compactors

General purpose compactors for compacting sand hardcore, gravel or other surfaces.

300mm Compactor Plate

350mm Compactor Plate

450mm Compactor Plate

Plate Compactors Forward/Reverse

Powerful compaction force which is also highly manoeuvrable, these are ideal for civil engineers and utilities.

Forward / Reverse Plate - Diesel

Trench Rammer

Due to its narrow foot and body this tool is perfect for compacting in confined spaces such as trenches and pathways.

Trench Rammer 2 Stroke

FENCING & BARRIERS

Concertina Barrier

Extendable up to 4 meters long and finished in powder coat to maximise durability. Unique safety catch to hold the barrier together when in the folded back position, making it easier and safer to carry.

Concertina Barrier

Zipwall Dust Barrier

Not only are they quick and easy to install, the system can also be used to connect fume extractors to create either negative or positive pressure therefore cancelling the need for tight seals.

Zipwall Dust Barrier per 2m section - up to 3m High

Zipwall Dust Barrier per 2m section - up to 6m High

Crowd Control Barrier

These barriers can be rapidly installed, they stand at 1m high and are 2.4m long.

Crowd Control Barrier 2.5m

Heras Fencing

Useful when in need of instant secure protection. Heras fencing panels can be clipped together thus creating a secure 2m high fence to your necessary length.

Heras Fencing 3.5m Section

Pedestrian Gate

Vehicle Gate

FENCING

Hoarding Panel

Solid temporary panels that provide safety and privacy.

Hoarding Panel 2m

ROAD MANAGEMENT

Pro Barrier

Red and white PVC barriers which prevent pedestrian access.

Pro Barrier

Road / Trench Plates

Temporary safe passing over excavations or hazards where either pedestrian or vehicle movement is essential.

GRP Trench Cover 1.1m x 1.0m

Road Signs and Cones

Wide range of temporary road works available for any application.

Road Signs 600mm

Road Signs 750mm Triangular

Road Signs 900mm

Road Signs 1200mm

Stop Go Board - manual

Motorway cone

GENERAL BUILDING

Acrow Props

A choice of adjustable steel supports can be used for support up to 4.8m.

Acrow Prop Size 0 - Range 1.1m to 1.8m

Acrow Prop Size 1 - Range 1.75m to 3.12m

Acrow Prop Size 2 - Range 2.0m to 3.4m

Acrow Prop Size 3 - Range 2.4m to 4.0m

Strongboys

These are intended for use with acrow props, they can be used for supporting walls while you fit lintels, RSJs or beams.

Strongboy

Trench Struts

Claw plated to provide extra grip, these adjustable steel props are used for wall support.

Trench Struts Size 0 - 0.3 - 0.45m

Trench Struts Size 1 - 0.45 - 0.71m

Trench Struts Size 2 - 0.68 - 1.14m

Trench Struts Size 3 - 1.04 - 1.75m

Rubbish Chutes

Strong polypropylene chutes joined together in 1m sections to provide to safe and effective disposal of waste from up to 40m high. Hoppers can be fitted to enable access to the chute at different levels.

Rubbish Chute 1.2m

Y Section

Rubbish Chute Hopper

STORAGE

Fuel Kaddi

Bunded fuel bowser with a capacity of 100 litres, fuel is dispensed with a built in manual pump.

Dieselmate fuel Kaddi - 100 litre

Site Stores

Storage solutions for construction or industrial applications.

Site Store 4' x 2' x 2'

Site Store 4' x 4' x 2'

Fire Safe Fuel Vault

A vault for hazardous chemicals. These 4' x 2' x 2' safely store chemicals on-site.

Firesafe Fuel Vault 4' x 2' x 2'

Gas Cages

For safe on-site storage of bottled gases. Provided in a variety of sizes.

Gas Cage

Gas Torches

Hand held gas torch for use with propane. Propane gas can also be supplied.

Blow Torch - Short Reach

Blow Torch - Long Reach

STORAGE

Bitumen Boiler

Used for the heating of bitumen for roof repair.

Bitumen Boiler

Firepoint Trolley

Mobile fire trolley complete with statutory signage, battery operated inter linkable fire alarm and two extinguishers.

Firepoint Trolley

Drain Rods

Drain rods come in sets of 10 at 1m long, they have a wide range of accessories for any job.

Drain Rods

Drain Testing

Drain test stoppers are for trapping debris or testing drains.

Drain Stopper 100 - 150mm (4 - 6")

Drain Stopper 225mm (9")

Drain Stopper 300mm (12")

Drain Test pump and gauge

GENERATORS

Portable Petrol Generators

Easily handled, petrol powered generator. Ideal for small power requirements.

- 1kVA Petrol Generator
- 2.7kVA Petrol Generator
- 3.5kVA Petrol Generator

Wheeled Petrol Generators

Easy enough to move around on site and into vans. The wheeled petrol generator provides a 6.5kVa output.

- 5kVa Petrol Generators

Wheeled Diesel Generators

Ultra low noise generator, diesel powered. The long run tank means it can work continuously for up to 17 hours.

- 6kVA Supersilenced Generator
- 8kVA Supersilenced Generator
- 10kVA Supersilenced Generator
- 15kVA Supersilenced Generator

WELDERS

Electric Welder

Easily transportable, this compact electric welder can weld up to 4mm electrodes.

Mig Welder 180A 240v

Inverter Tig Welder 200A Dual Voltage

Petrol Welders

These site welders are suitable for a wide range of welding applications. Mobile 200 amp welder powered by a petrol engine.

140 Amp Petrol Welder

200 Amp Petrol Welder

Diesel Welders

Site welders powered by diesel have a wide range of welding applications.

200 Amp Diesel Welder

300a Diesel Welder / Generator

Welding Accessories

Welding accessories that can be used with the welding units.

Welding Extension Leads

Welding Screen

Welding Mask

Welding Remote Control

ELECTRICS

Extension Leads

A wide range of extension cable to fulfil any purpose..

Extension Leads 16A - 14M

Extension Leads 32A - 14M

240v Extension Leads

Power Tool Transformers

Transportable transformer for smaller equipment use.

3kVA Transformer

5kVA Transformer

3kVA Vented Transformer

240v RCD Circuit Breaker

Junction Boxes

Providing multiple power outlets from one plug.

110v 16amp Junction Box

110v 32amp Junction Box

Site Transformers

Site transformers come in either single phase or three phase, they provide a bank for 110v equipment.

5kVA Site Transformer

10kVA Site Transformer (3 phase)

LIGHTING

Festoon Lights

For long walkways or refurbishment work which require illumination, bulbs can come in 3m or 5m spacing.

Festoon Cable - 25m

Festoon Cable - 50m

Fluorescent Lights

These low energy high output light all come with 110v sockets to allow linking of the lights.

Fluorescent lights are ideal for plastering.

Defender Uplights

Plasterers Lights

Contractor Lights

Inspection Lights

Inspection lights are particularly useful for areas that are awkward to get into, they're also magnetic therefore they can stick to steelwork.

Inspection Lamp

Magnetic Inspection Light

Rechargeable Lights

Small, portable, rechargeable battery operated lights can give out up to 1000watt illumination.

Rechargeable Battery Lights - 4 hour Life

Rechargeable Battery Lights - 10 hour Life

SAWS

Circular Saws

Dynamic and rugged circular saw suitable for all types of wood, steel and aluminium.

Circular Saw 7"

Circular Saw 9 1/4"

Cordless Circular Saw 7"

Evolution Metal Cutting Saw

Mitre Saws

High quality saw for precise, precision cutting. Ideal for cutting angles to worktop and skirtings.

Slide Mitre Saw

Double Bevel Compound Saw 250mm

Saw Tables

These table saws give a maximum cut depth of 90mm. Once tipped over the saw is given the ability to be used as a chop saw.

Flipover Saw 250mm

Table Saw

Jigsaws

The jigsaw can cut both wood and metal. With its low vibration and a precision control blade it cuts bevels up to 45° therefore can cut both straight line and curves.

Jigsaw 110v

Cordless Jigsaw

SAWS

Reciprocating Saw

Various different blades for cutting steel, pruning, steel and profiles.

Reciprocating Saw 110v

Cordless Reciprocating Saw

Door Trimming Saw

Enables doors to be trimmed in an efficient and accurate manner. This machine is so useful because it can be easily adjusted in both height and depth.

Door Trimming Saw 110v

Multi Tool

This multi tool comes with a variety of different cutters and a sanding head enabling it to be used as a cutter and a sander.

Multi Cutter / Sander

ROUTERS

Routers

An excellent tool for grooving, chamfering and recessing as well as a template for cutting plastics and woods.

1/2" Router

Laminate Trimmer

Worktop Jig

ROUTERS

Planers

A general duty planer for larger scale jobs with a removable dust bag.

Power Planer 3"

SANDERS

Orbital Sanders

The orbital sander is used to give a really fine finish. It is provided with various different sanding sheets to fulfil your requirements.

Palm Sander 110v

Orbital Sander 110v

Belt Sander

The belt sander comes equipped with a removable dust bag but can be equipped to adjust extraction system for a bigger job, as well as being supplied with various sanding sheets.

100mm Belt Sander

Random Orbit Sander

This sander takes Velcro backed sanding discs. It produces the highest quality finishes due to the random orbit.

Random Orbit Sander

SANDERS

Dry Wall Sander

With a variable speed option and a 200mm diameter for sanding sheets it would mean you get the job done a lot **FASTER** and more efficiently than conventional methods.

Dry Wall Sander

Floor Sanders

When refreshing old wooden floors the heavy drum sander is the ideal machine to use. It works best with the edging sander for those hard to reach areas.

Floor Sander

Edging Sander

FIXING

Cartridge Hammer

Due to the cartridge gun having variable power controls, it makes easy work of fastening into steel and concrete. A wide range of nails and studs are available to suit your needs.

Nail Gun Hilti DX460 / DX5

Cordless Nail Guns

Powered by gas canisters this nail gun is applicable for 1st and 2nd fix functions.

Cordless Nail Gun Spot Nailer IM360

Cordless Nail Gun Brad Nailer IM65

Cordless Nail Gun Angled Brad Nailer

Cordless Staple Gun IM200

FIXING

Impact Wrench

Potent wrench that is used to unfasten and fasten bolts, instead of lots of spanner work, the impact wrench gets it done both quickly and efficiently.

110v Impact wrench 1/2"

110v Impact wrench 3/4"

Cordless Impact Wrench

Tek Screwguns

With the tek gun there is no need to pre-drill pilot holes making these ideal for dry lining or roofing applications.

Tekgun 110v

Autofeed Screwdriver

The auto feed screwdriver is ideal for renovation work, it uses a belt feed system which allows brisk screwing of materials.

Autofeed Screwdriver

ELECTRIC HEATERS

Fan Heaters

Ideally for office use or smaller areas, these can be used together or alone.

Fan Heaters 3kw 110v

Fan Heater 3kw 240v

Convactor heater 2kw 240v

InfraRed Heaters

The mobile infrared heaters are perfect for retail and commercial environments, they are also useful for drying plaster.

Radiant Plaque Heater

Infrared Heater - Red Rad

3kw Halogen Heater

Convactor Heaters

A space-saving, slimline heater for domestic, office or light industrial use.

Convactor Heaters 2kw Output

GAS HEATERS

Cabinet Heater

Due to its design it keeps the main burners out of reach and therefore safe. This means that it could be used in places such as hospitals, shops, offices and schools.

Cabinet Heaters Butane

LPG Space Heaters

These fan assisted gas blowers will warm up a vast area quickly.

Space Heater LPG 160,000BTU/hr

Space Heater LPG 280,000BTU/hr

Diesel Space Heaters

These are ideal for large events or for when surrounded by a lot of people due to their fume free air.

Indirect Diesel Heater 80,000 BTH/hr

Indirect Diesel Heater 160,000 BTH/hr

Direct Fired Diesel 100,000 BTU/hr

Marquee Heater

8M Ducting

GAS HEATERS

Bin Heater

Very practical for heating warehouses, drying out buildings and small factories. No electricity required as they are gas powered.

LPG Bin Heater

AIR CONDITIONERS / FANS

Air Conditioners

A wide range of our conditioners are available, contact the Hiredesk for advice on which unit you would require.

Small Air Conditioner 10,000 BTU/hr

Medium Air Conditioner 15,000 BTU/hr

Heavy Duty Air Conditioner 21,000 BTU/hr

Fans

Delivery of high output of air circulation in large areas. Tilt adjustable

Turbo Fan - Office

Turbo Fan - Warehouse

Fume Extractors

These fume extractors will extract weld fumes, exhaust fumes and smoke. They will remove large quantities of fumes from any space that is confined.

Fume Extractor 6"

Fume Extractor 12"

Extra length 5m Ducting

AIR CONDITIONERS / FANS

Carpet Dryers

With the snout-like design of the carpet dryers air can be directed into hard to reach places under sets of stairs or units.

Carpet Dryer

Snail Blower

Air Cleaners

Using H class filters the air will continuously be filtered. By doing so this will mean it will protect in an area that sees a build-up of dust.

Air Cleaner 500cfm

Air Cleaner 1200cfm

Air Cleaner 1800cfm

DEHUMIDIFIERS

Dehumidifiers

Ideal for removing dampness and moisture from floors and walls, this robust room dryer is a must.

Dehumidifier - Compact

Dehumidifier - Large

PRESSURE WASHERS

Electric Pressure Washers

Portable, and easy to use. The electric pressure washer is optimal for cleaning vehicles patios and drives.

110v Light Duty Pressure Washer

110v Heavy Duty Pressure Washer

Petrol Pressure Washers

Drawing from a water tank, these pressure washers are ideal for heavy duty cleaning.

Petrol Pressure Washer 3000 Psi

Diesel Pressure Washers

With a tank capacity of 940 litres, it means that you would not need a water supply. This road tow machine is ideal for heavy duty cleans.

Diesel Pressure Washer 3000Psi

Portable Pressure Washer Bowers

With its barrow type design, the portable washer is easy to move around. It's very useful for difficult to reach areas or where no water supply is available.

Portable Pressure Washer Bowser

STEAM CLEANERS

Steam Cleaners

Fitted with a chemical tanks and are ideal for industrial applications removing oils and grease.

Steam Cleaner 32A

VACUUM CLEANERS

Small Vacuum

Optimal for small commercial use, such as office cleaning or final site cleaning.

Small Vacuum Cleaner 110v / 240v

Wet/Dry Vacuums

Depending on the filter provided, these industrial vacuums are designed to clean up either wet or dry spillages.

Wet / Dry Twin Motor Vacuum 23-40l

Extra large Industrial Vacuum

The Maxvac Dura DV120 wheelie bin vacuum cleaner has been designed with large clean-up operations in mind as well as the practicality of having a vacuum that is easy to empty. With 1200w motor the bin has powerful suction for wet and dry applications. Excellent for cleaning up warehouses, construction sites, floods, spillages and many other uses

Large capacity 1200w motor

VACUUM CLEANERS

Wet Pick up Vacs

Provided with a 70 litre water capacity, wet pick up vacs are great for industrial use. Comes with an easy use drain hose for rapid emptying of water.

Wet Vacuum 70l

DUST EXTRACTORS

Dust Extraction Units

When dust is a problem at the source, M class filters are fitted into dust extraction units. This means that the units clean the filters themselves therefore no time is wasted cleaning filters.

Dust Extraction Vacuum

FLOOR CLEANERS

Carpet Cleaners

For the use of cleaning domestic carpets and upholstery, this machine will be highly effective.

Domestic Carpet Cleaner

Commercial Carpet Cleaner

FLOOR CLEANERS

Floor Cleaners

Power scrubber/dryer to suit the most difficult tasks.

Floor Scrubber/ Polisher

Floor Scrubber Drier

DECORATING

Hot Air Gun

The perfect tool to strip varnish and paint.

Hot air Gun 240v

Wallpaper Strippers

The wallpaper stripper will take the strain out of wallpaper without damaging the plaster. They are simple to operate, nonetheless highly productive.

Wallpaper Stripper

PIPE WORKING TOOLS

Portable Threader

The electric power pipe threader is great for all those tight positions.

Portable power threader 1/2" - 2"

Pipe Benders

Because there are different diameters of tubing when it comes to bending there is different formers and guides to cope with these demands.

Pipe Bender and Stand

Conduit Bender and Stand

Pipe Freezer

The freezer kit forms ice that works as a plug so that the repair or changes can be made without the need for draining or shut down.

Pipe Freezer Electric 8 - 42mm

Pressure Tester

These pressure testers work for all types of heating and water filled pipe systems.

Pipe Pressure Tester

Pipe Working Accessories

A wide range of extra equipment for threading or grooving.

Chain Pipe Cutter

Stillson 24"

Stillson 36"

Pipe Cutters

Pipe Stand

Pipe Vice and Stand

ELECTRIC PUMPS

Electric Pumps

Wide range of electric pumps designed to be fully submerged providing an exceptional flow rate.

1" Puddle Pump

2" Submersible Pump

2" Submersible Pump c/w float

Fuel Transfer Pump

PETROL/DIESEL PUMPS

Centrifugal Pumps

Petrol pumps are useful when no power is available. Not to be run dry.

2" Petrol Pumps

Diaphragm Pumps

A medium duty pump, that produces 2500 gallons per hour capacity can also hold solids up to 20mm. Can be run dry, all day with minimised attention required.

2" Diaphragm Pump Petrol

3" Diaphragm Pump Diesel

ACCESSORIES

Pump Accessories

Extra can be supplied to suit customer needs.

Hand Held Barrel Pump

Additional 50mm Pump Hose per 6m

Additional 75mm Pump Hose per 6m

LEVELS

Exterior Levels

All exterior levels are provided with a charger, battery, tripod, staff and rod-eye.

Site Optical Level

Exterior Laser Level - Self Levelling

Theodolite

Total Station

Using the total stations, you can expect a highly accurate line of sight. Clear and easy to use with display on both sides, as well as reflectorless measurements.

Total Station

Pipe Laser

A wide range of site levels to suit all types of construction levelling work.

Pipe Laser

Interior Levels

The interior levels come with a rotating head.

Interior Laser

Cross Line Laser

DETECTORS

Cable Detectors

Avoiding things like cables, drains and pipes is vital. Using the cable locator is the best option for this task.

Cable Detector

Signal generator

If they are not carrying a power signal it will induce a signal into them, such as BT lines and pipes.

Signal Generator

Sonde

Sondes are used for tracing and locating non-metallic pipes, ducts and drains. These can be attached to cobra reels and drain rods.

Mouse Sonde

Gas detectors

When the, hazardous gas level is above the customers set points, the detector will warn you.

Standard 4 gas detector

Cobra Reel

The glass fibre rod is built in a polypropylene sleeve. They provide a means of locating a sewer, duct or drain.

Cobra Reel - 50m

Cobra Reel - 100m

GARDENING TOOLS

Hedge Trimmers

2 stroke petrol engine, can cut hedgerow up to 10mm branch thickness. It features a double edged blade for rapid cutting upwards and downwards.

Hedge Trimmer Electric

Hedge Trimmer Petrol

Hedge Trimmer Petrol - Long Reach

Strimmers

Very efficient when cutting down weeds, long grass and undergrowth. These machines, due to their high portability, can gain access to awkward areas.

Strimmer Heavy Duty Petrol

Chainsaws

For cutting logs and trees up to 600mm. It is supplied with a full safety kit (comes with operating instructions), to be used by trained operators only.

Chainsaw c/w Safety Kit

GARDENING TOOLS

Rotavator/Cultivator

Comes with many features, anti-vibration and adjustable handlebars. It is highly capable of dealing with the most challenging conditions, examples such as undug ground or larger areas.

Cultivator 5hp

Rotavator 8hp

Hydraulic Rotavator

Mowers

Easy to store with folding handle bars and easy to use. The rotary mower comes with a grass collection box to the rear.

Mower - Heavy Duty Petrol

Leaf Blower

The two stroke motor is optimal for large areas such as large gardens or parks.

Leaf Blower

Tree Stump Grinder

Heavy duty grinder capable of removing both small and large stumps. Can be used for both domestic and commercial use.

Tree Stump Grinder Petrol

GARDENING TOOLS

Turf Lifter

A machine that will bring up turf swiftly, neatly and tirelessly.

Turf lifter - Petrol

Chipper Shredder

The heavy duty blades featured on the shredder reduces tree branches to chippings in seconds. It will also feed it through the machine to make it a tidier process.

Garden Chipper/Shredder - 2" Petrol
Diesel 6" Chipper T6

Post Hole Borers

The post hole borers can be operated by one man and are easily portable. Comes with different sets of augers to suit your hole boring requirements.

Post Hole Borer - Single Man

Post Hole Borer - Hydraulic

Post Hole Borer - Two Operator

Manual Post Hole Borer

BOWSERS

Bowsers

Can be used to store for either diesel or water, and are road towable.

Water Bowser 250G

Water Bowser 500G

Diesel Bowser 250G

Pressure Washer / Bowser

When no water supply is available, this pressure washer feeds straight from its bowser.

Pressure Washer Bowser

COMPRESSORS

Compressors and Breakers

For the powering of different breakers. Ranging from light to heavy to fit your requirements.

Twin Tool Compressor

Light Duty Air Breaker

Medium Duty Air Breaker

Heavy Duty Air Breaker

LIGHT PLANT

Light Plant

For the small construction works, we have a wide range of light plant.

1T Dumper

Mini Diggers - 1.5T

Micro Digger - 0.8T

Tracked Skip Loader

MATERIAL LIFTS

Material Lifts

A range of self-operating hoists. The versatile aluminium lifts have many uses in the entertainment, engineering and maintenance sectors.

SLA10 Genie Material Lift - 3.49m Lift 454kg

SLA15 Genie Material Lift - 4.98m lift 363kg

SLA20 Genie Material Lift - 6.46m lift 363kg

SLA25 Genie Material Lift - 7.94m lift 295kg

Extension Forks

HOISTS

Manual Chain Hoists

The hoists are perfect for lowering equipment and bringing them from below. They range from 500kg up to 10 tonne.

500 Kg - 3m

500 Kg - 6m

500 Kg - 9m

TRUCKS AND TROLLEYS

Pallet Trucks

The ideal solution for moving palletted goods.

Pallet Truck 2.5T

TRUCKS AND TROLLEYS

Plasterboard Trolley

Plasterboard trolleys are designed to carry awkward products such as Conti-board and plasterboard.

Plasterboard Trolley

Rubble Trucks

General waste trucks, can carry around 350kg and will tilt to empty into a skip or a truck.

Tilt Rubble Truck

Turntable Trucks

Flatbed truck available to suit any situation.

Turntable Truck 1T

Miscellaneous Trucks

A wide range of low level lift and shift options.

Sack Truck

Block Cart

Stair Climbing Truck

HARNESSES AND RESTRAINTS

Safety Harnesses

Many lanyards readily available to comply with the full body harness.

Safety Harness

Restraint Lanyard

Fall Arrest Blocks

Fall arrest blocks ensure maximum security to users when working at height.

Fall Arrest Block - 6m

Fall Arrest Block - 12m

Fall Arrest Block - 15m

Man Anchors

When no handrail is present or useable the temporary man anchor can be set up on the roof.
Can be used with the fall arrest blocks.

Mobile Man Anchor

GENERAL LIFTING EQUIPMENT

Moving Skates

Different shifting skates any heavy duty shifting.

Machine Skates 20T (Set of 4)

Nylon Skates 6T (Set of 3)

GENERAL LIFTING EQUIPMENT

Bumpa Hoists

The bumpa hoist is specially designed to move tiles and slates to where they need to be, fluently, swiftly and efficiently.

Bumpa Hoist 8m 110v

Bumpa Hoist 10m 110v

Scaffold Hoist

The scaffold hoist ensures the safe movement of materials to a work area. Due to its versatility it is particularly useful in confined areas.

Scaffold Hoist 200Kg

Kerb / Slab Lifters

Lift heavy stones, dense concrete or even porous slabs with ease. We have a range of kerb grabs to suit your needs.

Paving Stone Lifter

Kerb Lifter

Vacuum Slab Lifter

Tipping Skips

Our tipping skips have an optimal front tipper and if necessary has a bottom release to remove waste effortlessly.

Forklift Tipping Skip 1200l

GREEN POWER
OPERATED PLANT HIRE

- JCB Telehandlers
- Excavators up to 22 tonne
- Dumpers up to 20 tonne
- Cherry Pickers
- Scissor Lifts
