

RUBBERMAID TILT TRUCK

Manufactured from industrial grade polyethylene that can withstand frequent daily use in challenging environments and capable of carrying a maximum load capacity of 600 litres, or 272kg, the Rubbermaid 0.6m³ Standard Duty Tilt Truck facilitates the easy transportation and emptying of waste, building materials or supplies. Designed to fit through most commercial doorways and onto elevators and featuring an ergonomic moulded handle that provides comfortable grip and enhanced manoeuvrability when full or empty, there is no job too big or small for the Rubbermaid Tilt Truck.
