

STRONGBOY PROP HEAD

ACROW PROP ATTACHMENT

The Strongboy original and best masonry support prophead.

- The Strongboy features a patented plate retaining bar that keeps the prophead level under load – preventing the forward tilt common in generic alternatives.
- Simple to use.
- Compatible with standard acrow props.
- Supports walls up to 225mm (9") thick.

KEY SPECIFICATIONS	
Safe Working Load	340kg
Maximum Working Height	3m
