

Technical Data Sheet

Product Description:

Arco Adjustable Restraint Lanyard

Product Reference:

4G0016 – 1.3–1.8m lanyard

4G0017 – 0.7–1.0m lanyard

Product Details:

Designed for working in restraint, not for fall arrest, this Arco restraint lanyard helps keep users away from an edge while working at height.

- Durable restraint lanyard
- Adjustable so you can adapt the length to suit the area you're working in
- Water-repellent webbing is easy to clean and inspect
- Each end fitted with aluminium triple-action carabiner for a secure attachment
- Captive pins on carabiners help prevent fabric riding up
- Weight capacity: 59-140kg

Maximum Lifespan 10 years
